Message from Director

Together we are changing lives. With your support children from desperate situations are finding hope. We are a fully licensed and approved home compliant to the laws of Guatemala under the guidelines of the National Council for Adoptions (CNA).

The CNA is the Government agency that oversees child welfare in Guatemala. However, they provide no funding. It is your love and support that keeps the doors open.

All our children are court ordered to Casa Agua Azul. We are here to be a safe refuge providing loving arms, food, education, medical care, and other means of healing for the body, mind and spirit. The harm done to these innocent children is at a great cost, but the cost is even greater if we are not present.

The children have suffered tremendous pain. But what we are witnessing is their lives being transformed through living at Casa Agua Azul. The hand of God is present.
